Inclement Weather Policy

Being an outdoor facility, we expect event participants to come dressed for the weather, including hooded rain jackets, appropriate footwear and umbrellas for light rain; sunblock and water bottles for hot sunny days.

Sometimes, the weather is inappropriate for an outdoor visit through the gardens. On days when the weather is deemed too unfavorable to be outside, we ask that you reschedule your visit to the gardens. Volunteers do not have guaranteed access to the Parker Education Center in order to bring you an all-indoor education program. We would be much more comfortable finding a new date in order to bring you our planned curricula. We are sorry for any inconvenience this may cause and will work with you to accommodate rescheduling.

Severe weather includes:

- Strong winds**
- Extreme cold**
- Heavy rain**
- Lightning**
- Snow and ice**

If any inclement weather is forecasted for during your planned visit to Rotary Gardens, please call (608) 290-2259 (listen to message) by 8am of the day of your program to verify the status of your event (cancellations only will be posted). For the safety of the participants and the volunteers, we would rather err on the side of caution.
